

## **DEDICATION**

With deep gratitude, the General Chapter of Diffinitors meeting in Caleruega dedicates its proceedings to our brother Yves Congar who died on June 22nd, 1995. His enormous achievements on the frontiers of ecclesiology, ecumenism and the theology of the laity have enriched our tradition. His suffering on behalf of the truth he sought has inspired us. We recommend strongly that our brothers study his works and imitate his example.
